## Registration Application and Business Plan

In accordance with Act No. 190, Public Acts of 2000

**Initial application:** This application is for those facilities that have not previously acquired a registration with the Michigan Department of Agriculture or Michigan Department of Natural Resources. The department will assign a herd number when the application is processed.

**Renewal Application:** This application is for those facilities that are currently registered with the Michigan Department of Agriculture or Michigan Department of Natural Resources and are continuing the facility. Include herd number (i.e. 34158675).

**Modification Application:** This application is for those facilities that are currently registered with the Michigan Department of Agriculture and adding additional acreage or changing the registration class or cervidae species. Include herd number (i.e. 34158675).

**Registration class:** Mark appropriate registration class for intended purpose of the facility. See *Operational Standards for Registered Privately Owned Cervidae Facilities, May 2000* for additional descriptions of the different classes.

**Class I Hobby – Cervidae are pets only; no live animals leave premises.**

**Class II Exhibition – Cervidae are shown live for exhibition purposes only.**

**Class III Ranch – Hunting Preserves or Ranches, no live cervidae are to leave premises.**

**Class IV Registration – Breeding, Buying, Selling & Movement of live cervidae.**

**Legal description of property** refers to the full description commonly found on deeds or title insurance documents (i.e. North ½ of south ½ of southwest ¼ of northwest ¼ of section 37 township 45 north range 12 west Mist County, Michigan).

**Proposed cervidae species:** Mark all species that are intended to be in the facility once it is completed. For existing facilities, indicate the population goal numbers that is desired.

**Proposed method of removal of free-ranging cervidae:** List methods and techniques planned to employ in order to remove free-ranging cervidae from the facility. This includes flushing techniques and removal by other methods such as hunting. Also include method of verification that all free-ranging cervidae have been removed. Include attached letter if additional room is needed.

**Proposed record keeping system / animal identification:** Describe the record keeping system planned to be used to keep records in accordance with *Act No. 190, Public Acts of 2000*. Also include the system of animal identification to be employed if applicable to registration class. Include attached letter if additional room is needed.
